## METHODOLOGIES

What methods were used to conduct your count?

Survey/interview with program participants  HMIS  Other (specify:)

## DEFINITIONS OF TERMS

### Program Types

- **Rapid Re-Housing** provides time-limited rental assistance and housing stabilization services to move homeless people into permanent housing as quickly as possible.
  - Programs include CoC-funded & ESG-funded rapid re-housing programs, VA Supportive Services for Veteran Families (SSVF) rapid re-housing programs, HUD-funded Veterans Homelessness Prevention Demo programs, and other publicly or privately funded rapid re-housing programs.
  - For all rapid re-housing programs, only report the beds **in use** on the night of the count. This means the beds are occupied by participants who are in permanent housing and who are actively enrolled in the program on the night of the count.
- **Permanent Supportive Housing** is permanent housing and supportive services for homeless persons with disabilities.
  - Programs include publicly and privately funded permanent supportive housing programs, CoC-funded permanent supportive housing (Shelter+Care and SHP Permanent Housing), HUD-VASH (Veterans Affairs Supportive Housing)

### Beds and Units

- **Beds for Single Adults** are designated for single adults or adult couples without dependent children.
- **Beds for Families** are designated for households of adults and dependent children.
- **Units for Families** are separate rooms, units, or buildings designated to each house one family.
- **Beds for Households of Only Children** are designated for households in which everyone is under 18 (unaccompanied children, adolescent parents and their children, adolescent siblings, etc.)
  - If beds are not designated exclusively for a particular type of household, record the beds according to how they were used on the night of the PIT. If the program is not at full capacity on the night of the PIT, extrapolate the distribution based on the pro-rated distribution of the beds that were filled that night.
- **Beds Dedicated to Chronically Homeless Persons** are beds that are reserved for individuals and/or families that are chronically homeless at program entry. These beds must be filled by chronically homeless participants unless there are no chronically homeless people within the program's service area.
- **Beds dedicated to veterans** are beds that are reserved for homeless veterans (and their families, if applicable). These beds must be filled by veterans unless there are no homeless veterans within the program's service area.
- **Beds dedicated to youth** are beds that are reserved for homeless youth up to age 24. These beds must be filled by youth unless there are no homeless youth within the program's service area. In the Bed Inventory chart, the program must indicate if the dedicated beds are reserved only for youth under age 18, only for youth ages 18-24, or for all youth up to age 24.

### Households

- **Households with Adults and Children** include households in which at least one adult and one child are present on the night of the count.
- **Households without Children** include single adults and adult couples without children. It also includes adults who have children, but whose children are not present with them on the night of the count.
- **Households of Only Children** are households in which every person is under the age of 18. This includes unaccompanied children under 18, adolescent parents and their children, adolescent siblings, or other household configurations composed only of children.

### Chronically Homeless

- Definition: a homeless individual or a homeless family with an adult head of household who:
  - Has a disabling condition (serious mental illness, substance use disorder, developmental disability, physical disability)
  - AND**
  - Has been homeless and living in a place not meant for human habitation or an emergency shelter continuously for at least 1 year or on at least 4 separate occasions in the last 3 years
