

HMIS@NCCEH

HMIS Users Meeting

April 2020

NC COALITION to
HOMELESSNESS end

Agenda

April 2020

System Updates

Save & Verify Data

COVID-19 Response

How can we help?

Point in Time/Housing Inventory Counts

Who are you – Identity in HMIS

Reporting How To's

What's Next

We are recording
today's meeting

NCCEH

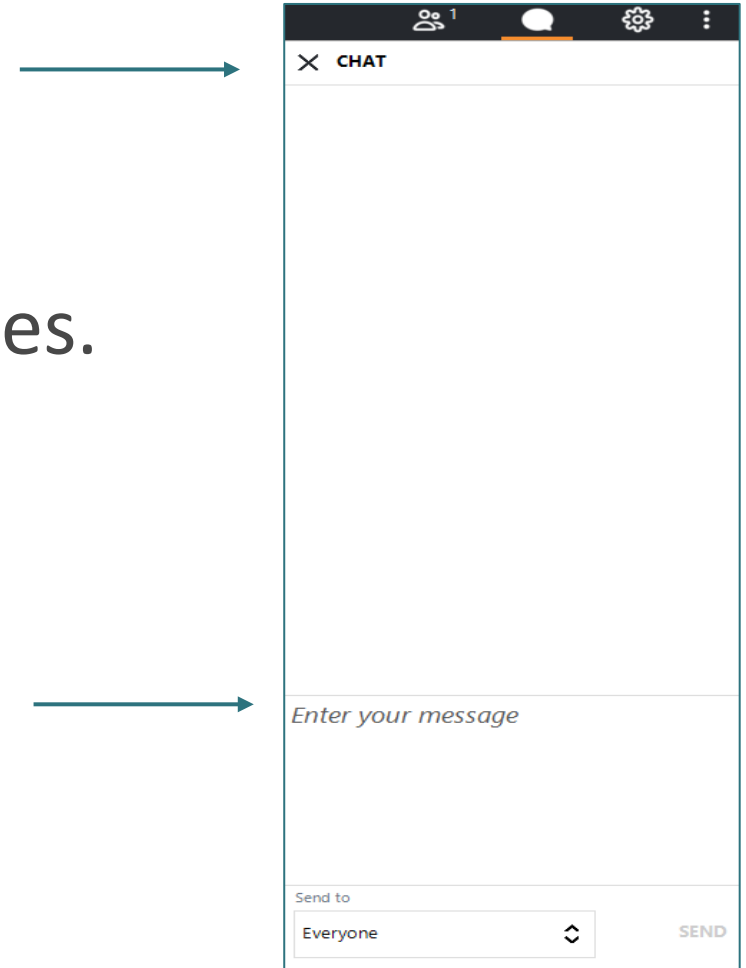

Welcome

Reminders

Your line is muted.

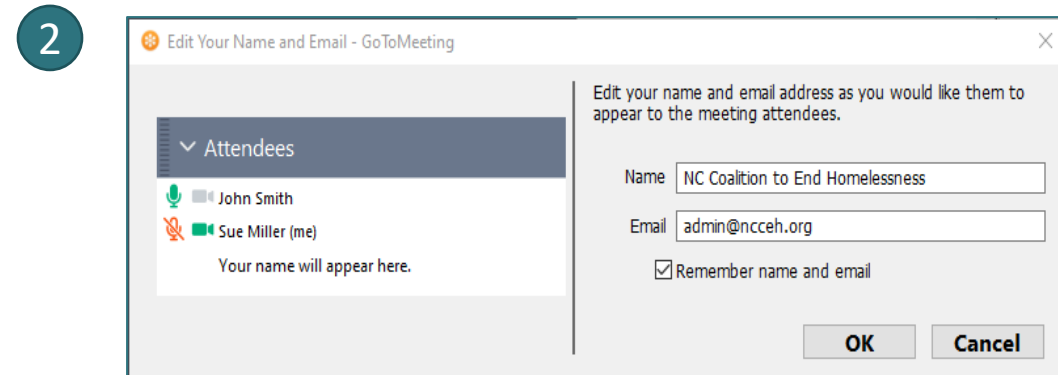

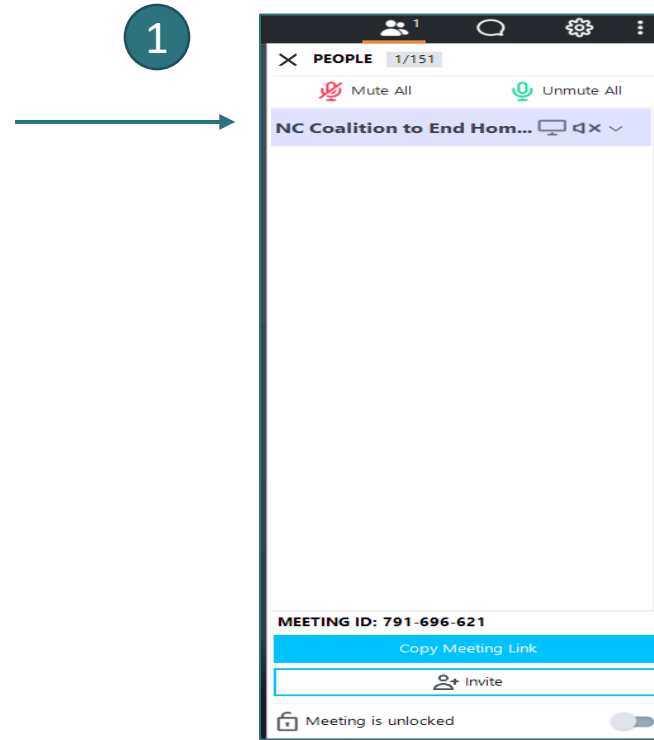

We will unmute the line during Q&A pauses.

The chat box is available to use anytime.

Who is here?

- Enter your full names, so we know who attended and who asks questions
- If multiple folks are watching at once, use a combo name like, “Andrea Carey and Andy Phillips – the Ands”

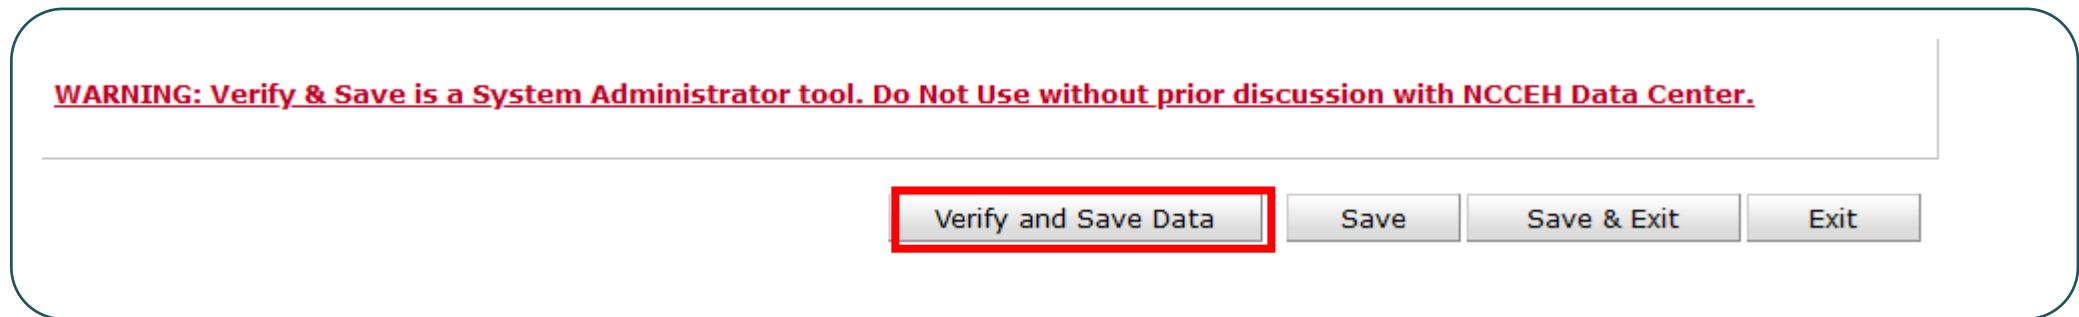

System Updates

Verify & Save – System Administrator Tool

WellSky gave us a tool to “re-stamp” older/shared data with the current provider and date. This tool is the “Verify & Save Data” button and it will improve some of our reporting visibility issues BUT overuse of it will slow down our entire system.

Only use this button after a conversation with the NCCEH Data Center!

COVID-19 Response in HMIS

- Why Collect Data
- Sharing and Privacy Concerns
- Why these Questions
- Who to Collect and Enter Data for
- Where to Find Questions
- How to Enter Data
- Other Data Considerations

Why Collect COVID-19 Data

Data collection is critical to our community's immediate response and future public health evaluations.

- Track COVID-19
- Protect Clients and Staff
- Advocate for Resources

Are we allowed to share COVID-19 info?

Client privacy is both a legal and ethical obligation – and it still exists!

If a client can receive services without disclosure of COVID-19 potential or confirmed status, do not share

HUD's Guide to Allowable Use of Data + Limits!

- Disclosures to avert a serious threat to health or safety
- To put this another way: Can this information lessen or prevent a threat to the client's or public's health?
- Check HUD's Guide for examples

Why these Questions

Designed by Louisiana Balance of State, vetted by Public Health practitioners and NCCEH Natural Disaster experts, other communities implementing

“Symptomatic” might be the only data available to homelessness services providers.

Provider level data collection goal: Gathering data to support

- Real-time monitoring of COVID-19 by site
- Contact Tracing
- Calculations of site incidence, prevalence, rate of transmission and recovery rate

Who to Collect and Enter Data For

All clients with symptoms of COVID-19

- [CDC COVID-19 Symptoms Guide](#)

HUD Guidance: [Begin screening clients for symptoms of COVID-19](#)

- Check with local Public Health authorities
- If none available, look at using the [CDC's Screening Guidance](#)

Where to Find Questions

ClientPoint > Client Profile 11    

Client - (11) Doo, Velma 

 (11) Doo, Velma

Where to Find Questions

Don't see the Client Profile: all projects Assessment?
Check EDA Mode!

Client Profile: all projects 

Third Race	<input type="text" value="-Select-"/>	G
Fourth Race	<input type="text" value="-Select-"/>	G
Fifth Race	<input type="text" value="-Select-"/>	G

COVID-19 Status

Select "Yes" if client shows symptoms consistent with COVID-19. Leave blank and continue to Contact Information if not symptomatic.

Symptoms consistent with COVID-19 (fever, cough, shortness of breath)?	<input type="text" value="-Select-"/>	G
If symptoms consistent with COVID-19, date symptoms started:	<input type="text" value=""/> / <input type="text" value=""/> / <input type="text" value=""/>    G	
If symptoms consistent with COVID-19, quarantine date:	<input type="text" value=""/> / <input type="text" value=""/> / <input type="text" value=""/>    G	
If hospitalized, date:	<input type="text" value=""/> / <input type="text" value=""/> / <input type="text" value=""/>    G	
If known, test result or confirmed disease status:	<input type="text" value="-Select-"/>	G
Recovery date:	<input type="text" value=""/> / <input type="text" value=""/> / <input type="text" value=""/>    G	

 **Client Contact Information (Client Profile)**

How to Enter Data

COVID-19 Information

Select "Yes" if client shows symptoms consistent with COVID-19. Leave blank and continue to Contact Information if not symptomatic.

Are you experiencing symptoms consistent with COVID-19 (fever, cough, shortness of breath)?	<input type="text" value="-Select-"/>  
When did your symptoms begin?	<input type="text"/> / <input type="text"/> / <input type="text"/>   
When did you begin your isolation?	<input type="text"/> / <input type="text"/> / <input type="text"/>   
When did you begin your quarantine?	<input type="text"/> / <input type="text"/> / <input type="text"/>   
If hospitalized, what date were you admitted to the hospital?	<input type="text"/> / <input type="text"/> / <input type="text"/>   
If known, what is the COVID-19 test result or confirmed disease status?	<input type="text" value="-Select-"/>  
If tested for COVID-19, when were you tested?	<input type="text"/> / <input type="text"/> / <input type="text"/>   
If tested for COVID-19, what date were the test results provided to you?	<input type="text"/> / <input type="text"/> / <input type="text"/>   
What is your current symptomatic disposition?	<input type="text" value="-Select-"/>  
What is the date of your current symptomatic disposition?	<input type="text"/> / <input type="text"/> / <input type="text"/>   

Continue to...

Contact Information

- Contact Tracing is nearly impossible if a client cannot be found
- Accurate and multiple pieces of Contact Information is essential
 - Personal phone number
 - Friends/Family phone numbers
 - Frequent locations
 - Online contact information like emails or social media

Standard Information

- Accurate Entries, Bedlists, Exits, Move-In Dates, NC County of Service are also more important than ever for baseline data and exposure tracking

Tools available online

- Round-up for all of North Carolina on ncceh.org/covid-19
- HMIS@NCCEH specific resources on ncceh.org/hmis/training
 - Paper Assessment Form
 - PDF Guide to COVID-19 Questions
 - PDF Guide to COVID-19 Report
 - Our Privacy Policy, HUD's Guidance on Privacy and Sharing

How can we help?

Questions about Identity in HMIS

Principles:

- Self-reported by clients
- Try to get the accurate information
- Need to Know for services
- Should not be used to deny services

These principles apply to all clients within the requirements set by HUD and other funders

Equal Access Rule¹

Announced in January 2012, the Equal Access Rule codified HUD's commitment to the fair administration of its funded projects "regardless of marriage status, sexual orientation or gender identity."

The most common questions related to HMIS are around serving clients regardless of gender identity.

NC BoS CoC Anti-Discrimination Policy²

“Ensure all staff, volunteers, and contractors maintain the confidentiality of a client’s legal name and gender at birth and understand the potential impact that disclosure can have on a client’s progress to self-sufficiency.”

- HMIS should use the client’s self-identified chosen name (It is their *real* name)
- HMIS should use the client’s self-identified gender identity

First, Middle, Last Name

What

Full, Accurate Name

Why

To identify clients and their unique experience of homelessness

When completing paperwork or applications with the client, information should be verified for the context

First, Middle, Last Name

Collection Notes

No documentation required for HMIS

68% of transgender Americans have none of their IDs match their name and gender identity³

Procedures to change IDs and Birth Certificate vary between states

- In North Carolina, ID changes require a court order
- If a client wants to change documents, use the [National Center for Transgender Equality's ID Documents Center](#) to look up and help clients navigate the steps

Alias

What

A non-HUD required option in HMIS that allows additional names listed

- Useful place to list 'maiden name' or previously married name if that changed
- Can also list nicknames like Flea, JLo, or Johnny
- Not for trans client's chosen name

Gender

What

A person's internal or innate sense of being male, female, or another gender

Why

Supports system planning and both local and national understanding of who is experiencing homelessness

Sometimes used for project eligibility (single gender adult-only shelters for example)

Gender

Collection Notes

Documentation is not necessary

Self-reported; staff observations should not be used

- Allow clients to select from the options:
 - Female
 - Male
 - Trans female
 - Trans male
 - Gender non-conforming
- Not sure how to phrase? Try, “which of these gender options best describes how you identify?”

Point-in-Time and Housing Inventory Count

NC Balance of State CoC

There are 95 total projects

- 44 Emergency Shelter or Transitional Housing projects (may reflect shelter projects broken into family and singles projects)
- 51 Rapid Rehousing or Permanent Supportive Housing projects

So far 34 Crisis Response projects have been through the review & submission process with finalized 0630 PIT reports! 77% Complete!

So far 12 Permanent Housing projects have been through the review & submission process with finalized 0628 PIT reports! 24% Complete!

Reading the 0628

- Tab A will have the count of those with a Housing Move-In Date

Prog Type	Providers Reporting Information in this Report	Adult Child		Adult Only		Child Only		Count Client Unique Id
		Count Households	Count Clients	Count Households	Count Clients	Count Households	Count Clients	
RRH	Heading Home - Rowan County - Rapid Re-Housing - CoC (7390)	3	8	4	5	0	0	13
RRH		3	8	4	5	0	0	13
Total ALL:		3	8	4	5	0	0	13

Reading the 0628 cont.

What to check

- Tab F will have the total count of those in the project, Moved-In or not (this count isn't wrong just includes all clients!)
- We want to make sure everyone that has a Move-In is recorded.

Prog Type	Providers Reporting Information in this Report	Client Unique Id
RRH	Heading Home - Rowan County - Rapid Re-Housing - CoC (7390)	25
RRH		25
		Total ALL: 25

Reporting How To's

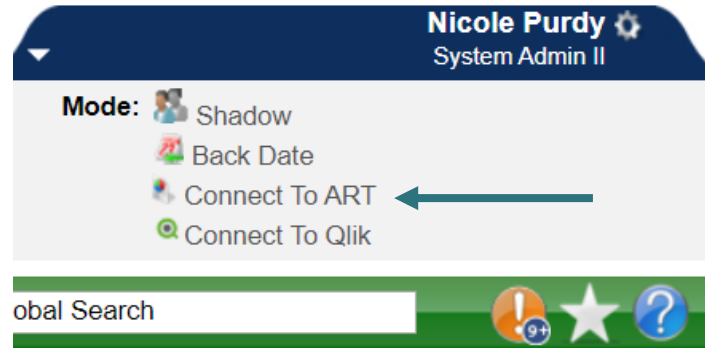

ART vs Dashboard Reports

WellSky provides two main reporting tools that are very different. Both are useful in sometimes very different ways.

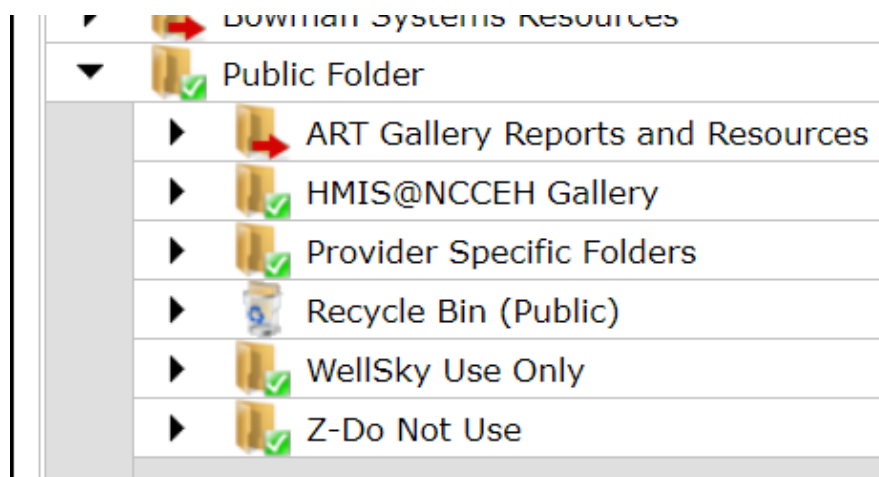

Differences	ART	Dashboard
Frequency of data updates	Overnight	Immediately
Special license required	Yes-ART license	No-anyone can use them
Formats available for output	Excel and PDF	PDF, Excel/CSV(sometimes) and live clickable tables
EDA use	Use via prompt if needed	Must EDA before running
Prompt completion	Complete via prompt box before hitting next	Complete in dashboard before hitting build report
Editable by Sys Admins	Yes, within limits	No

How to run ART reports

- Click “Connect to ART” in upper right-hand corner of screen.

- Click black arrows to open folders in ART Browser to find appropriate report.

ART Gallery is WellSky reports and HMIS@NCCEH Gallery is custom reports for our site.

How to run ART reports

- Once found click on the magnifying glass next to the report name.

- Select “Schedule Report” and wait for prompt box to populate.

A screenshot of a "Prompts" dialog box. The dialog has a title bar "Prompts" and a green header bar. Below the header, it says "Fill out each of the prompts below *". There is a list of prompts: "Select Provider CoC Code(s):", "Select Reporting Group Name:", "Select Provider(s):", "EDA Provider", and "Enter effective date". Below the list, there is a text input field with the text "Select Provider CoC Code(s):" and "Optional" above it. The input field contains "NC-502 Durham City and C". To the right of the input field is a "Select" button. At the bottom right of the dialog is a "Next" button.

How to run ART reports

- Click on prompts and then hit select to search and select or enter date as appropriate.
 - Effective Date should always be same date as the End Date prompt

Prompts

Fill out each of the prompts below *

Select Provider CoC Code(s):
Select Reporting Group Name:
Select Provider(s):
EDA Provider
Enter effective date

Select Provider CoC Code(s):

Optional
NC-502 Durham City and C

Select

Next

Prompts

Fill out each of the prompts below *

Select Provider CoC Code(s):
Select Reporting Group Name:
Select Provider(s):
EDA Provider
Enter effective date

Enter effective date

10 / 01 / 2019 12 : 00 : 00 AM

Use scroll bar on the right to scroll to additional prompts. DO NOT click Next until all prompts are complete

How to run ART reports

- Then complete schedule report details including format and interval. Change name as appropriate to differentiate between reports. Click Send.

Schedule Report

Schedule

Name * Durham CoC FY 19|0640 - HUD Data

Report Format * Excel

Users Inbox * Nicole Purdy (6812) Search My User Clear

Interval * Once

Start Date * 04 / 10 / 2020 1 : 12 PM

End Date * 04 / 10 / 2020 1 : 12 PM

Send

- Report will appear in ART inbox when completed. Click magnifying glass next to name and click download

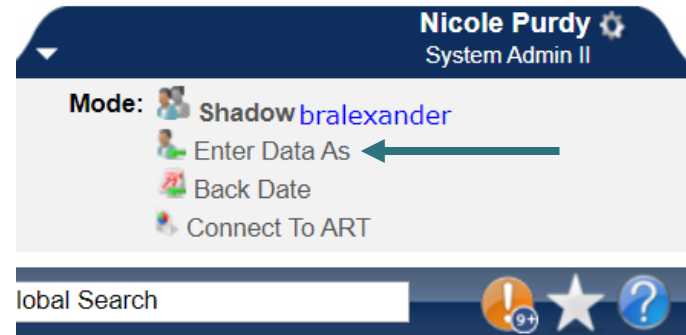

Download Send Organize Delete

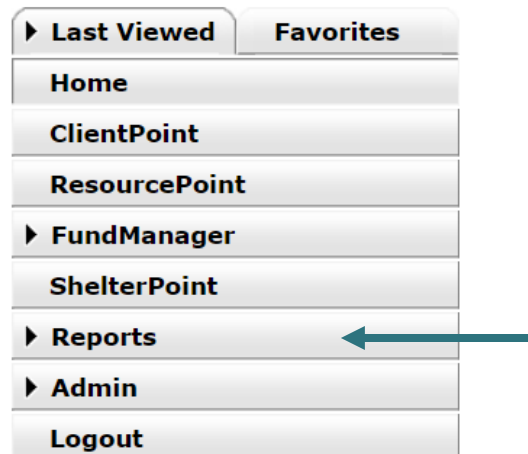

How to run Dashboard reports

- Click “Enter Data As” in upper right-hand corner of screen to choose correct EDA mode BEFORE running the report.

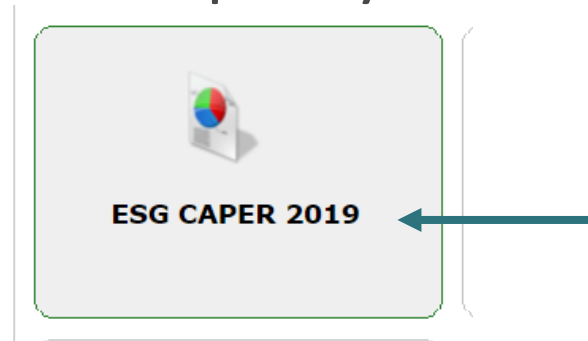

- Click “Reports” in options on the left-hand side of the screen.

How to run Dashboard reports

- Find and click on the report you would like to run.

- Click on prompt options or enter dates as appropriate. Make sure Provider auto-populates to your EDA provider and check EDA if not.

Report Options

How to choose a type of Report

Key Question: Snapshot or deeper dive into data?

Use Dashboard Reports for Snapshots	
Summaries of client descriptions	“How many clients ____”
Data errors or missing	“These clients are missing ____”
Major outcomes	“Length of Stay” (Q22) and “Permanent Housing or Positive Exits” (Q23)

Use ART Reports for deeper dives	
Client responses across multiple elements	“Clients missing Annuals with deadlines in the next 30 days”
Data errors across multiple elements	“Which clients are missing ____ and ____”
More complex outcomes	“How many clients left and returned”
