System Updates

Data Center + ICA Partnership

Introductions

- Two ICA staff will be embedded at the Data Center to support Helpdesk and System Administration
 - Katie Wiseman (katie.wiseman@ncceh.org)
 - **Tonya Harris** (tonya.harris@ncceh.org)

Changes

- HMIS Users will start to see Helpdesk replies
- Support for HMIS PIT/HIC process

User Management & Auditing

Agency Admins can use Audit Reports to troubleshoot issues.

Dashboard Audit Reports

- Identify access and changes to client records (within your visibility)
- Supports troubleshooting when or where something changed in a record
- Provides transparency for who enters data or how data is entered

Go to the Data Center's [Training and Knowledge](#) page for guide

- Direct link: ncceh.org/hmis/training
- [Audit Report Guide](#)

Agency Admins can use Audit Reports to Troubleshoot issues.

The generated report will detail date/time, what action was taken, who took the action, and what provider was using Enter Data As.

ID refers to the Entity

User Profile Management

- Everyone can update their own HMIS license details.

User Profile Updates

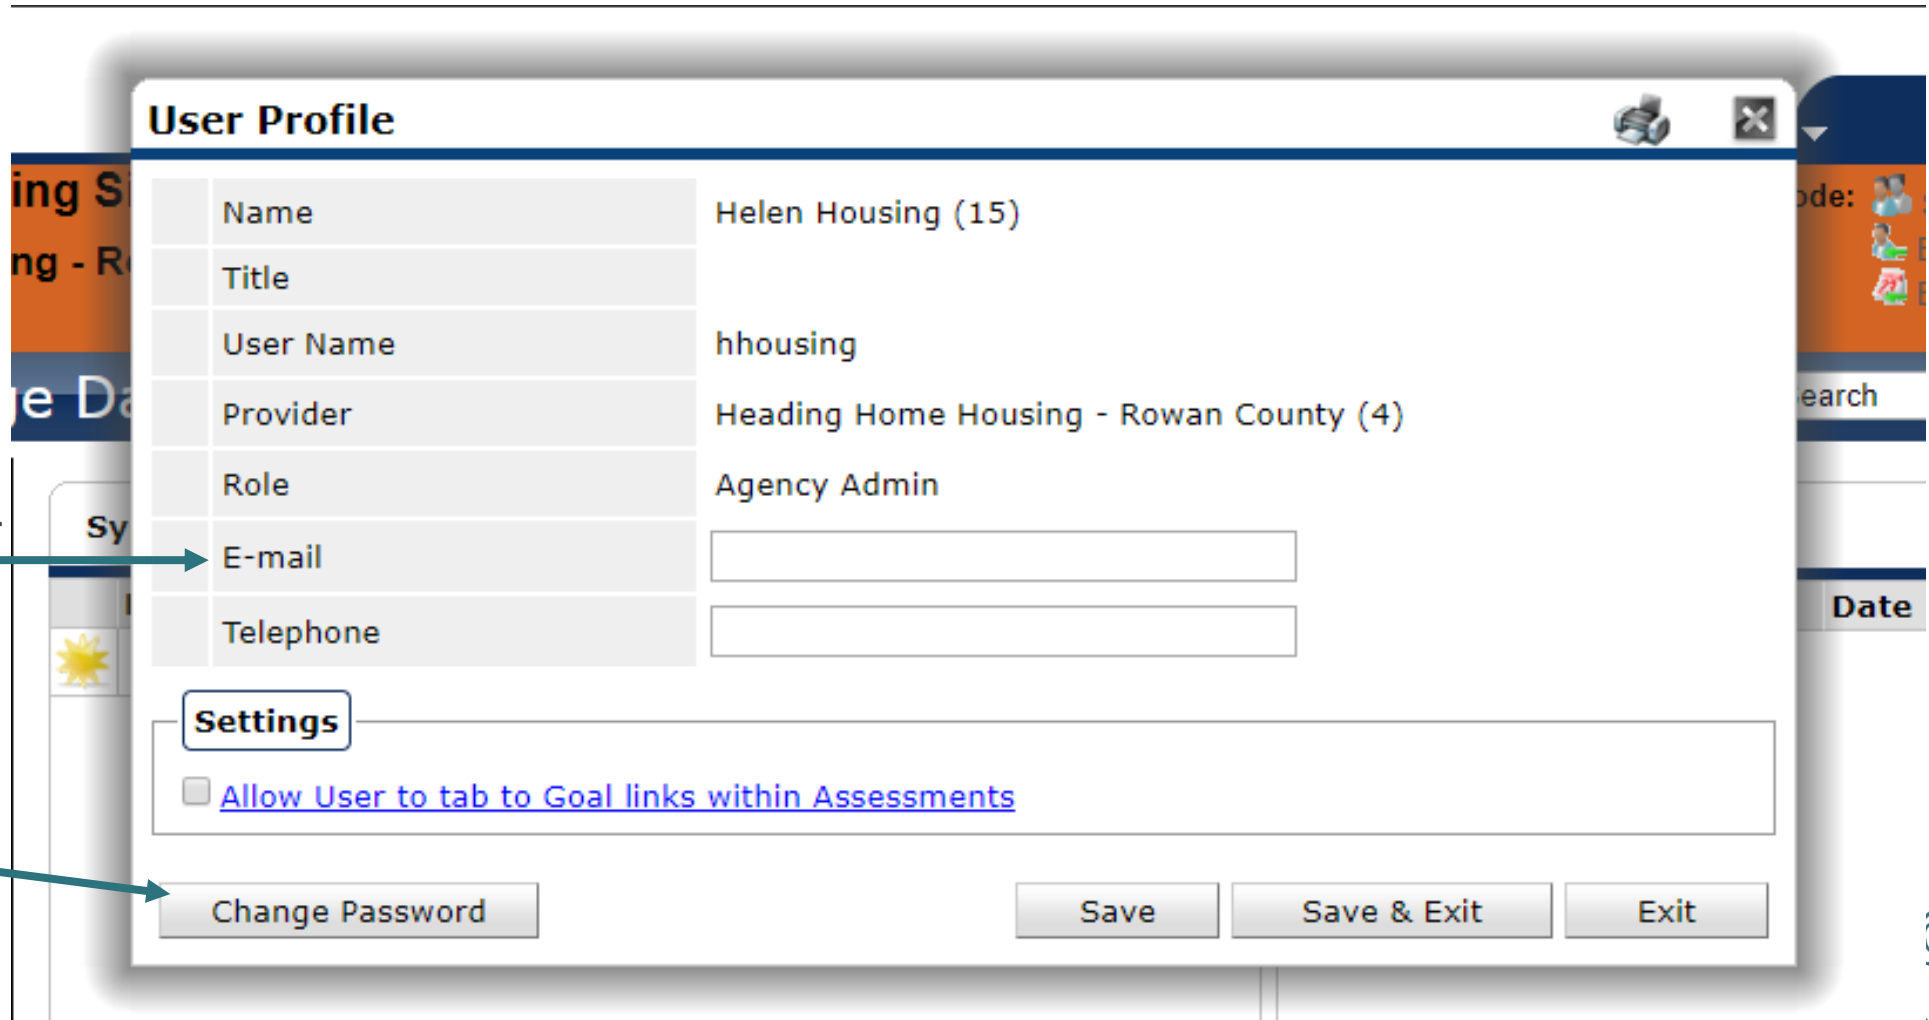

Click the gear
for details

The screenshot shows a user profile interface. At the top right, the user's name "Helen Housing Agency Admin" is displayed next to a gear icon. Below this, the "Mode:" section lists three options: "Shadow" (with a person icon), "Enter Data As" (with a person icon and a green arrow), and "Back Date" (with a calendar icon and a green arrow). At the bottom left, there is a search bar with the placeholder text "Type here for Global Search". At the bottom right, there are three icons: a warning sign, a star, and a question mark.

User Profile Updates

The screenshot shows a 'User Profile' form with the following fields and values:

Name	Helen Housing (15)
Title	
User Name	hhousing
Provider	Heading Home Housing - Rowan County (4)
Role	Agency Admin
E-mail	<input type="text"/>
Telephone	<input type="text"/>

Below the form is a 'Settings' section with a checkbox for 'Allow User to tab to Goal links within Assessments'. At the bottom are buttons for 'Change Password', 'Save', 'Save & Exit', and 'Exit'.

Annotations:

- An arrow points from the text 'Update your email and phone number' to the E-mail and Telephone input fields.
- An arrow points from the text 'Or change your own password' to the 'Change Password' button.

Point-in-Time and Housing Inventory Count

After you submit, we may have clarifying and other questions.

- The Data Center will review your reports and ask clarifying questions:
 - HUD requires more info than reports provide, so we may have additional funding or program questions that we need your help on!
 - COVID-19 forced many programs to change capacity/locations.
 - RRH and PSH projects: we need the most frequent Zip Codes for each HMIS project.
- Projects are reviewed at least 2 more times at NCCEH and additional questions may come up!
- Remember, we are basically reviewing every single client in the system on one night! It's a *very* thorough detailed review.

How Can We Help

Disability Data

Disabling Condition

What

A condition must meet one of three parts of the definition:

1. A physical, mental, or emotional impairment, including an impairment caused by alcohol or drug abuse, post-traumatic stress disorder, or brain injury that:
 - Is expected to be long-continuing or of indefinite duration;
 - Substantially impedes the individual's ability to live independently; and
 - Could be improved by the provision of more suitable housing conditions.
2. A developmental disability
3. HIV/AIDS

Disabling Condition

Collection Notes

Documentation is not necessary but may be required by funding source

Some income sources indicate a disabling condition:

- Supplemental Security Income (SSI)
- Social Security Disability Insurance (SSDI)
- VA Service-Connected Disability Compensation
- VA Non-Service-Connected Disability Pension

Disabling Condition

Collection Notes

Fair Housing Compliance: residential projects must separate the program admission process from collecting disabling condition

Disabling Condition

Who

All clients

Data Collection Stage

On Project Start, Interim Update, Interim Annual, and Project Exit Assessments

Special Reminder

Two parts:

- General gateway question (Y/N) + specific condition
- The date for specific types should be the information date or the date the data was collected.

Disability questions in HMIS requires 2 parts.

Part 1-

A general question

Disability Status

Does the client have a disabling condition?

-Select-

Part 2-

The disability sub-assessment

Disabilities		HUD Verification 	
Disability Type *	Disability determination *	Start Date *	End Date
<input type="button" value="Add"/>			

Part 1 is called the gateway question.

Disability Status

Does the client have a disabling condition?

- Select -

Responses:

Yes

No

Client doesn't know

Client refused

Data not collected

The sub-assessment collects detailed disability data.

Disabilities	
Disability Type *	<input type="text" value="- Select-"/> G
Disability determination *	<input type="text" value="- Select-"/> G
If Yes, Expected to be of long-continued and indefinite duration and substantially impairs ability to live independently	<input type="text" value="- Select-"/> G

This is where things get a bit weird...

Remember our criteria for disabling condition?

In order to collect the most accurate data for Part 1

Does the client have a disabling condition?

- Select -

We need to ask the criteria questions in Part 2

	Disability Type *	- Select -	G
	Disability determination *	- Select -	G
	If Yes, Expected to be of long-continued and indefinite duration and substantially impairs ability to live independently	- Select -	G

When to answer “Yes” . . .

Only answer yes here if:

Does the client have a disabling condition?

The client’s disability type fits within HUD’s disabling condition definition

Disability Type *

 G

Disability determination *

 G

If Yes, Expected to be of long-continued and indefinite duration and substantially impairs ability to live independently

 G

The client answers yes here (unless disability type is Developmental or HIV/AIDS)

Working with clients

Collecting disability data in 4 steps!

- 1 Discuss disability definition with the client (3 criteria).
- 2 Work with the client to determine if they meet disability criteria.

Prep for sensitive questions . . .

I would like to ask you a few questions about disabling conditions. Is that ok?

Yes.

NCCEH

Defining disabling condition

A disabling condition is an impairment, brain injury, or chronic health condition that is expected to last indefinitely and substantially limit a person's ability to live on their own.

Explaining disability type

When it comes to disabling conditions, we view them in these categories: Physical, Chronic Health Condition, HIV/AIDS, Developmental, Alcohol Abuse, Drug Abuse, Both Alcohol and Drug Abuse, and Mental Health Issues.

Gather information about disability type

Do you have any conditions that fit into any of the disability categories I listed?

Yes- I have a Mental Health Issue

Ask related criteria questions

Thank you for sharing that with me. Is your Mental Health Issue expected to be of long and indefinite duration and does it impair your ability to live independently?

Yes, it is indefinite and impairs my ability to live independently.

What did we learn from the client?

Question	Response
Disability Type	Mental Health Problem
Expected to be of long duration and indefinite and substantially impair ability to live independently?	YES
Does the client have a disabling condition ?	YES (based on the responses above)

Disability data quality

Three of the most common errors

Potential disability data entry errors - Missing

Selecting “Yes” to indicate a client has a disability but no disabilities are entered.

Does the client have a disabling condition? Yes (HUD)

Disabilities HUD Verification

Disability Type *	Disability determination *	Start Date *	End Date
No matches.			

??????????????

Potential disability data entry errors- Conflict

Selecting “No” to indicate that a client does not have a disability but adding a disability type in the sub-assessment.

Does the client have a disabling condition? G ←

Disabilities HUD Verification 

	Disability Type *	Disability determination *	Start Date *	End Date
 	Alcohol Abuse (HUD)	Yes (HUD)	07/06/2017	

Add Showing 1-1 of 1

Potential disability data entry errors - not a HUD disability

If Disability Determination or “If Yes” question are missing or No, then the data says the client should not be counted as having a disability.

- Remember, this is HUD’s required database, so we use their definitions.
- HUD’s disability definition has multiple parts.
