- NCORR directly manages several programs that support long-term disaster recovery and resiliency including homeowner recovery, infrastructure, affordable housing, resiliency, strategic buyout, and local government grants and loans.
- NCORR also partners with other state agencies and local governments to assist communities directly or indirectly impacted by a disaster by providing services or support to restore communities damaged by presidentially declared disasters and to act to mitigate against future disasters.

NCORR: Introductions and Agency Overview

- Housing stability services may include:
 - Providing relocation assistance
 - Helping unhoused individuals find and get housing
 - Incentivizing landlords to rehouse renters facing housing instability
 - Coordinating supportive services to support vulnerable families

Questions/Discussion

Steering Committee Membership

2023 Regional Committee Leadership

- The CoC Governance Charter directs Regional Committees to elect most leadership positions in the fourth quarter each year.
- Regional Committees should elect the following leadership roles to begin in January 2023:
 - Regional Lead
 - Regional Alternate
 - CE Lead
 - Webmaster
 - Project Review Committee Representative
- The current Regional Lead or designee should submit new leadership at the link below by December 15th
 - <https://app.smartsheet.com/b/form/c35787c655224de583030d1ff159dde0>

Why At-Large Members?

- The CoC Steering Committee membership comprises Regional Committee leadership and at-large seats.
- In 2017, the Steering Committee approved a restructuring proposal that added the at-large seats, which do not directly represent any single Regional Committee.
- Having at-large members provides collaboration between the at-large member's agency/sector and the CoC to better serve people experiencing homelessness.
- Elected annually for one-year terms, starting in January.

Emergency Housing Vouchers, Stability Vouchers, & ongoing PHA Partnerships

The Steering Committee approved the following priorities:

1. Households ready to Move On with long-term rental assistance but less intensive case management.
 - ✓ Both PSH move on & RRH step up clients are eligible
2. Households with longest length of homelessness and where documentation for PSH (chronic homelessness and/or disability) is not able to be obtained.
3. Families and/or individuals on current regional CE by-name list who need long-term rental assistance.

EHV Implementation Timeline

July 2021	All 12 MOUs with PHAs were signed by the HUD deadline of July 31, 2021, establishing the role of all involved stakeholders.
August 2021	Referrals from coordinated entry to PHAs began
October 2021	CoC staff dedicated more time to the EHV implementation process

HOMELESSNESS DEFINITION

Housing & Urban Development (HUD)

There are four federally defined categories under which individuals and families might qualify as homeless:

1. Literally homeless;
2. Imminent risk of homelessness;
3. Homeless under other Federal statutes; and
4. Fleeing/attempting to flee domestic violence.

• McKinney-Vento (MK-V)

- Individuals who lack a fixed, regular, and adequate nighttime residence; which includes
1. Children and youths who are sharing the housing of other persons due to loss of housing, economic hardship, or a similar reason; are living in motels, hotels, trailer parks, or camping grounds due to the lack of alternative adequate accommodations; are living in emergency or transitional shelters; or are abandoned in hospitals;*
 2. Children and youths who have a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings
 3. Children and youths who are living in cars, parks, public spaces, abandoned buildings, substandard housing, bus or train stations, or similar settings; and
 4. Migratory children who qualify as homeless for the purposes of this subtitle because the children are living in circumstances described in clauses 1-3

Families Experiencing Homelessness

For families, the three most common causes of homelessness are:

- Poverty
- Lack of affordable housing
- Unemployment

Homelessness jeopardizes the health, early childhood development, and educational well-being of infants, toddlers, and preschool-aged children

50%

of children living in federally-funded homeless shelters under the age of five

Impact of Homelessness on Social Emotional Development

Children Experiencing Homelessness Are:

- Less likely to be breastfed and have well baby visits
- More likely to have chronic health conditions, poor nutrition, and social emotional delays
- More likely to be exposed to violence

Impact of Homelessness on Learning

- Trauma (homelessness) causes toxic stress
- Children's developing language skills are impacted by the stress around them
- One third of all preschoolers had motor-visual abilities that placed them in the 5th percentile
- More than 1/3 all preschoolers had emotional/behavioral problems.
- Seventy percent of children under 5 have at least one major delay, most commonly impulsivity or speech
- Elementary school children are more likely to score poorly on math, reading, spelling and vocabulary tests and more likely to be held back in school

Long Term Impact of Homelessness

Repeated stress has real tangible effects on the development of the brain, which unfolds across a lifetime. It triples the risk for heart disease and lung cancer.

- Child Protective Services is only notified if abuse or neglect is suspected
- Qualification for subsidy assistance is based on the child's citizenship

Connecting Families with ECE Resources

Practical Strategies

- Host outreach events in homeless shelters
- Communicate training opportunities on ECE resources to housing and shelter providers
- Post flyers with federal, state and county specific ECE resources
- Include EC representative on COC/BOS Committee
- Create COC/BOS local youth subcommittees
- Promote county specific resources provided CCR&R and Smart Start/Partnership for Children
