With Tyese no longer at FAS, the region needs to have a new webmaster/secretary. We would like to have a CPCA staff person in this position. Tentatively, it will be Amber Cole and later someone else will take it over. Jai made a motion to have a CPCA staff person (tentatively Amber Cole) as the webmaster/secretary, seconded by Maxcine. The motion carried, and a CPCA staffer was accepted as webmaster/secretary unanimously.

We are still in need of someone as the Unsheltered Access Coordinator. Ally and Natasha spoke about having a committee and someone doing this in each county in the region.

Maxcine will be submitting a third person for a Chatham County Housing Authority (CCHA) Emergency Housing Voucher. There are twelve other vouchers available. Ally said we could look at making the parameters easier to approve clients for the vouchers. We can also see if other counties in the region might be able to use the CCHA Emergency Housing Vouchers.

August 2nd from 2-3pm is the last ESG Applicant webinar. All ESG project applications are due August 12th. Natasha will send the links out for anyone that wants to sign up.

Natasha shared that Triangle J Council of Governments are planning to apply as a new applicant for Region 6 for Street Outreach. Not sure if they are going to apply for the whole region or just Chatham Co.

Jai shared that the CE meeting will be brief. Moving forward we will be reviewing the listings as before. He will send out an agenda. Case consultation will be available during the meetings.

Jodi, the new Housing Specialist with Sandhills Center introduced herself to the group. Natasha explained about the PRACC meetings and what can be expected. Always feel free to ask questions.
