UNSHeltered COUNT**

Definitions of Terms

Unsheltered

An unsheltered homeless person is someone residing in a place not meant for human habitation on the night of the count. These places include cars, parks, abandoned buildings, sidewalks, or the streets.

Households

- ***Households with Dependent Children*** include households in which at least one adult and one child are present on the night of the count.
- ***Households without Dependent Children*** include single adults and adult couples without children. It also includes adults who have children, but whose children are not present with them on the night of the count.
- ***Households of Only Children*** are households in which every person is under the age of 18. This includes unaccompanied children under 18, adolescent parents and their children, adolescent siblings, or other household configurations composed only of children.

Chronically Homeless

New in 2011, the definition of chronically homeless has been expanded to include both individuals and families.

- Definition: an unaccompanied homeless individual (18 or older) with a disabling condition **or** a family with at least one adult member (18 or older) who has a disabling condition who has either been continuously homeless for a year or more **OR** has had a least four episodes of homelessness in the past three years.
 - The disabling condition can include mental illness, chronic substance abuse, HIV/AIDS, physical disability, or developmental disability.
