CoC Builds NOFO

HUD released the special CoC Builds NOFO on Friday, July 19th.

HUD released a new funding opportunity for construction, acquisition, or rehabilitation in a Notice of Funding Opportunity (NOFO) called CoC Builds on July 19th.

HUD will select project applications to fund:

- New PSH specifically for people experiencing homelessness which must include capital costs budgeted for new construction, acquisition, or rehabilitation; &
- Up to 20% of an award for CoC Program eligible activities & costs associated with such new PSH project & no more than 10% for admin costs

HUD released the special CoC Builds NOFO on Friday, July 19th.

Under the NOFO, several entities are eligible to apply:

- State, county, municipal, or special district governments
- Federally-recognized Native American tribal governments
- Public housing authorities/Indian housing authorities
- Native American tribal organizations
- 501(c)3 nonprofit organizations

The NC Balance of State CoC may apply for (1) project for up to \$7,500,000 (a second project specifically by Tribal Reservations or Trust Lands could be applied for increasing the funding amount to \$9,500,000).

The CoC Builds NOFO is located at this link: https://www.hud.gov/sites/dfiles/CFO/documents/Foa_Content_of_FR-6800-N-25A.pdf

HUD released the special CoC Builds NOFO on Friday, July 19th.

To gauge interest in this special funding opportunity, the NC Balance of State CoC will require an intent to apply submission.

Interested agencies should complete an intent to apply by September 27th.

- <https://app.smartsheet.com/b/form/e2d247926d2b4ab08e5a2941de5363ba>

Agencies will be responsible for all aspects of the application except final submission. NCCEH, as the Collaborative Applicant, will submit the final application through grants.gov by the November 21st deadline.

CY2025 ESG Program Competition
Approval of Recommended
Slate of Applicants

Reminder: Conflict-of-Interest Policy

Persons attending the Steering Committee meeting representing an agency applying for CY2025 ESG Annual Allocation Funding may **not**:

- Participate in conversation about the proposed slate
- Ask questions about the funding proposal for your agency
- Make a motion related to approving the proposed slate
- Vote on the proposed slate (please submit 'Abstain' in the chat so we have an official acknowledgement)

The Project Review Committee & CoC staff have completed the ESG application review process.

CoC staff held an orientation meeting for Project Review Committee members on June 25th.

- Oriented members to ESG Program funding
- Explained this year's process & member responsibilities

PRC members & NCCEH staff reviewed project applications & met on August 2nd to develop the recommended slate of applications.

Project Applicants submitted materials to NCCEH for review by staff & PRC members.

Project Application deadline was July 16th.

- Two applications were received after the deadline.

NCCEH received:

- 32 Returning Project Applications
- 5 New Project Applications

All applications were reviewed using standardized methods & tools

- Staff reviewed Returning Project Applications
 - 1 Returning Application was flagged for further review by the PRC.
- Each New Project Application was reviewed at least 2 times
 - One to two NCCEH staff person(s)
 - One PRC member

Staff organized & reviewed the information submitted.

Project Applications

- Organized by region & assigned for review

Project Applications with red flags

- Review of Policies & Procedures raised red flags on a few applications. Agencies were given 1 business day to respond that they would address the issues raised by January 1, 2025 to continue in the competition.
- Some applications did not provide all required documents & therefore their scores are lower because the information needed to score all components of their application was not provided.

Project Applications

- Reviewed for 60/40 splits of Services & Operations/Financial Assistance

Reviewed each region separately to maximize allocation of the Fair Share amount.

- Fair Share amounts were reviewed for each region to determine if applications exceeded the 60% cap for Emergency Response activities (SO & ES) & met the 40% Housing Stability minimum (RRH & HP).
- Fair Share amounts were not fully maximized in 3 regions:
 - Region 2
 - Region 7
 - Region 9
- Housing Stabilization funds were “left on the table” in Regions 2 & 9 due to no Housing Stabilization project applications.
 - We’ll work with the NC ESG Office after the competition to see if there is an opportunity to have these funds available in the region to apply for, but it will be up to the NC ESG Office to make this decision.

Using Median Scores

- Project Applications were grouped: New, Returning, VSPs & median scores were calculated per Project Type (SO, ES, RRH, HP, HMIS) within these groups (For example: New ES, Returning ES, VSP ES)
- Projects within each group that did not meet the median score for that project type were not eligible to receive an increase over last's year's funding.
- Utilizing median scores allowed for a clear precedent in decision making when having to reduce funding amounts to meet Fair Share.

All 13 Regional Review Forms returned!

- Information from these forms was included in scoring.
- All returned forms were reviewed & discussed during the application selection meeting.
- Red flags identified by regions were highlighted & reviewed during the selection meeting to help inform decisions.

The PRC used precedent in decision making.

- Allocate funding to agencies who submitted applications after the 7/16/24 deadline only if funding (Fair Share) was "left on the table" in the region
 - Two applications received after the deadline this year.
 - One in a region with money "left on the table" & no other Housing Stability applicants
 - One in a region where there was no more money "left on the table"
- Allocate any extra available funding to RRH financial assistance; RRH financial assistance added to applicants if the project's score warrants the additional fundin.
- Review funding requests for CY2025 versus awarded funding allocations in CY2024
 - When scores were below median & Fair Share was reduced in the region
- Default to funding returning applicants
 - Consider scores
- When reductions were needed to meet Regional Fair Share, HMIS allocations were automatically made to be no higher than \$2,500 for general population providers & \$5,000 for VSPs. This takes into consideration fees that VSPs have to pay for comparable databases.
- Considered each project's coverage of counties within the region

Overall recommendation

- All returning projects recommended for some level of funding.
- 3 new projects recommended for funding.
 - Davidson County First Hope Ministries: ES in Region 5
 - Davidson Medical Ministries: SO in Region 5
 - Open Door Community Center: ES in Region 12

In-Person Steering Committee Meeting Debrief

The CoC held an in-person Steering Committee meeting on June 26th focused on governance.

Big thank you to all CoC stakeholders who attended our meeting in June.

- 18 diverse stakeholders from across the CoC attended the meeting in Burlington, including:
 - LEAC members
 - At-large members
 - Regional Leads & Regional Lead Alternates
 - CE Leads
 - Representatives of SO, ES, RRH, & PSH projects

The goal of the meeting was to evaluate & understand the CoC's current governance & identify opportunities to change current structures to enhance the NC Balance of State CoC's ability to end homelessness.

Staff guided attendees through a series of questions on potential changes to essential infrastructure.

Attendees focused on potential changes to the way the CoC conducts business through its Steering Committee & Regional Committees.

- Divided into three small groups
- Focused on the goal of ‘how do we best end homelessness?’
- Used local experience to inform discussions but committed to thinking about what was best for the entire CoC
- Groups did report outs, prompting more discussion

Attendees developed potential direction for changes to the Steering Committee.

Small groups discussed & brainstormed ideas in response to questions about the Steering Committee.

- What if we changed the frequency of Steering Committee meetings?
- How should Steering Committee agendas change to make fewer meetings more substantive?
- What enhanced role might subcommittees/workgroups play to support the new structure of the Steering Committee?
- How would the CoC handle approval of business with less meeting frequency?
- What ways could staff & Regional Committee leadership share relevant & timely information with stakeholders normally conveyed at Steering Committee meetings?
- How can we maximize Steering Committee member attendance?

Attendees coalesced around some key ideas for changes to the Steering Committee.

During report outs, several similar ideas emerged about how the Steering Committee structure might change.

- Hold quarterly Steering Committee meetings – 2 virtual/2 in-person
 - Potential rotation around the CoC for in-person meetings with virtual option
 - Shorter ad hoc meetings added for competitions
 - Other approvals happen electronically through email votes
 - Schedule meetings two years in advance
- Reduce ‘live’ information sharing & increase strategic conversations
 - Offer presentations from members on emerging practices & challenges
 - Create infrastructure to disseminate vital information in new, more effective ways
- Rely more heavily on subcommittees to provide updates & questions for members to discuss
 - Engage more stakeholders/members to join subcommittees
 - Restructure/add new subcommittees to oversee strategic initiatives

Attendees coalesced around some key ideas for changes to the Steering Committee.

- Offer mileage/gas reimbursement, lunch, hosting opportunities, hotel blocks at reduced rates, incentives, or others to induce members to attend in-person
 - NCCEH will need to look at its budget to see what opportunities exist for reimbursement & incentives
- Change dates of the leadership transition from calendar year to October-September
 - Allow for more robust onboarding of Steering Committee members
 - Build resource library & training suites to help members & other Regional Committee leaders stepping into CoC leadership

Attendees developed potential direction for changes to Regional Committees.

Small groups discussed & brainstormed ideas in response to questions about Regional Committees.

- What do Regional Committees need to fully function & be more impactful?
- How can we better cultivate interest in people to become leaders & how should CoC staff support them to understand & fulfill their roles?
- What role would you like CoC staff to play in Regional Committees to support local work & initiatives?
- What needs to change to make Regional Committees more engaging to build sustained participation from agencies not currently at the table?
- What topics do Regional Committees need to be talking about more regularly?
- How can Regional Committee stakeholders hold one another accountable to CoC & local priorities? What resources do they need?
- How can Regional Committees keep the focus on ending homelessness as opposed to just providing services?
- How should Regional Committees increase the diversity of voices, decrease disparities for marginalized populations, & invite participation of people with lived experience?

Attendees coalesced around some key ideas for improving Regional Committees.

During report outs, several similar ideas emerged on which Regional Committees might focus to improve their impact.

- Increase NCCEH staff time at Regional Committee meetings
 - Provide updates & provide important information
 - Help devise agendas focused on strategy & addressing challenges
 - Assist with recruitment of & training leadership, succession planning
- Focus agendas on collaborative conversations with actionable steps
 - Identify challenges & discuss potential solutions
 - Build buy-in & commitments to initiatives & strategies
 - Highlight & build on agency strengths – invite members to present successful practices
- Build stronger leadership with clear succession planning
 - Develop a CoC orientation for Regional Committee leaders
 - Create a succession plan & pair with a mentoring system
 - Involve CoC staff to support new & existing leaders

Attendees coalesced around some key ideas for improving Regional Committees.

- Enhance Regional Committee meeting agendas to discuss strategy & solutions
 - Develop a bank of subjects/conversations that Regional Committees can pull into agendas
 - Engage members in discussions & get commitments
 - Solicit members on what discussions to have
- Increase engagement from under-represented geographic areas & populations & non-traditional partners
 - Develop an engagement subcommittee
 - Brainstorm & identify agencies/people at meetings; report back progress
- Hold one another accountable
 - Set context with presentations on Client Bill of Rights, CoC policies, grievances, etc.
 - Develop common goals & practices; discuss regularly
 - Bring NCCEH staff liaison into challenging conversations
 - Discuss data on a regular basis
- Increase diversity
 - Create a regional Lived Experience Advisory Council
 - Provide opportunities for individuals to tell their stories

What are the CoC's next steps to take these ideas & update the Governance Charter?

Questions?

Potential next steps

- Begin drafting changes to the Governance Charter for members to review & discuss at an upcoming Steering Committee meeting
- Develop a resource list from suggestions
- Create a timeline for potential changes
- Other?
