Regional CA Outcomes Report

BoS staff developed new CA outcome reports.

- Goals:
 - Reflect data provided back to communities to improve data quality and understanding of outcome reports
 - Provide visual tool for community to see how their CA process is working and identify gaps in their system
 - Provide a way for CAC to give feedback to community based on outcomes reported

Numbers in report are based on the quarterly outcome report.

- Outcomes are due for each quarter
- Recognize that data is not good quality right now
- Working with the Data Center staff to get VI-SPDAT in HMIS
 - Allow for VI-SPDAT and referral numbers to be pulled from HMIS with a report
 - Allow for communities to dive deeper and follow people through the system

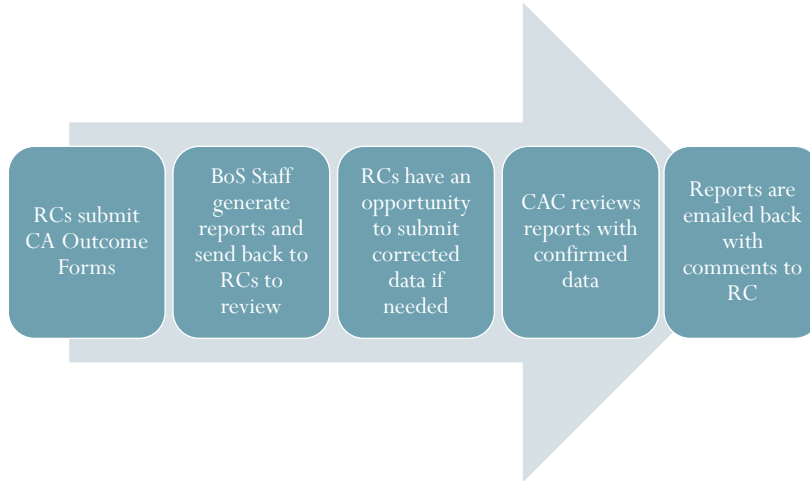

Reports were provided for 1st quarter outcomes to the RCs who submitted.

- Alamance
- DISSY
- Down East
- Henderson
- Kerr Tar
- Lee Harnett
- Onslow
- Pitt
- Randolph
- Twin County
- Wilson Greene
- AHRMM

CAC would like to have RCs review outcome reports before offering feedback.

Let's walk through a sample report.
