On one night during the last week of January 2016,

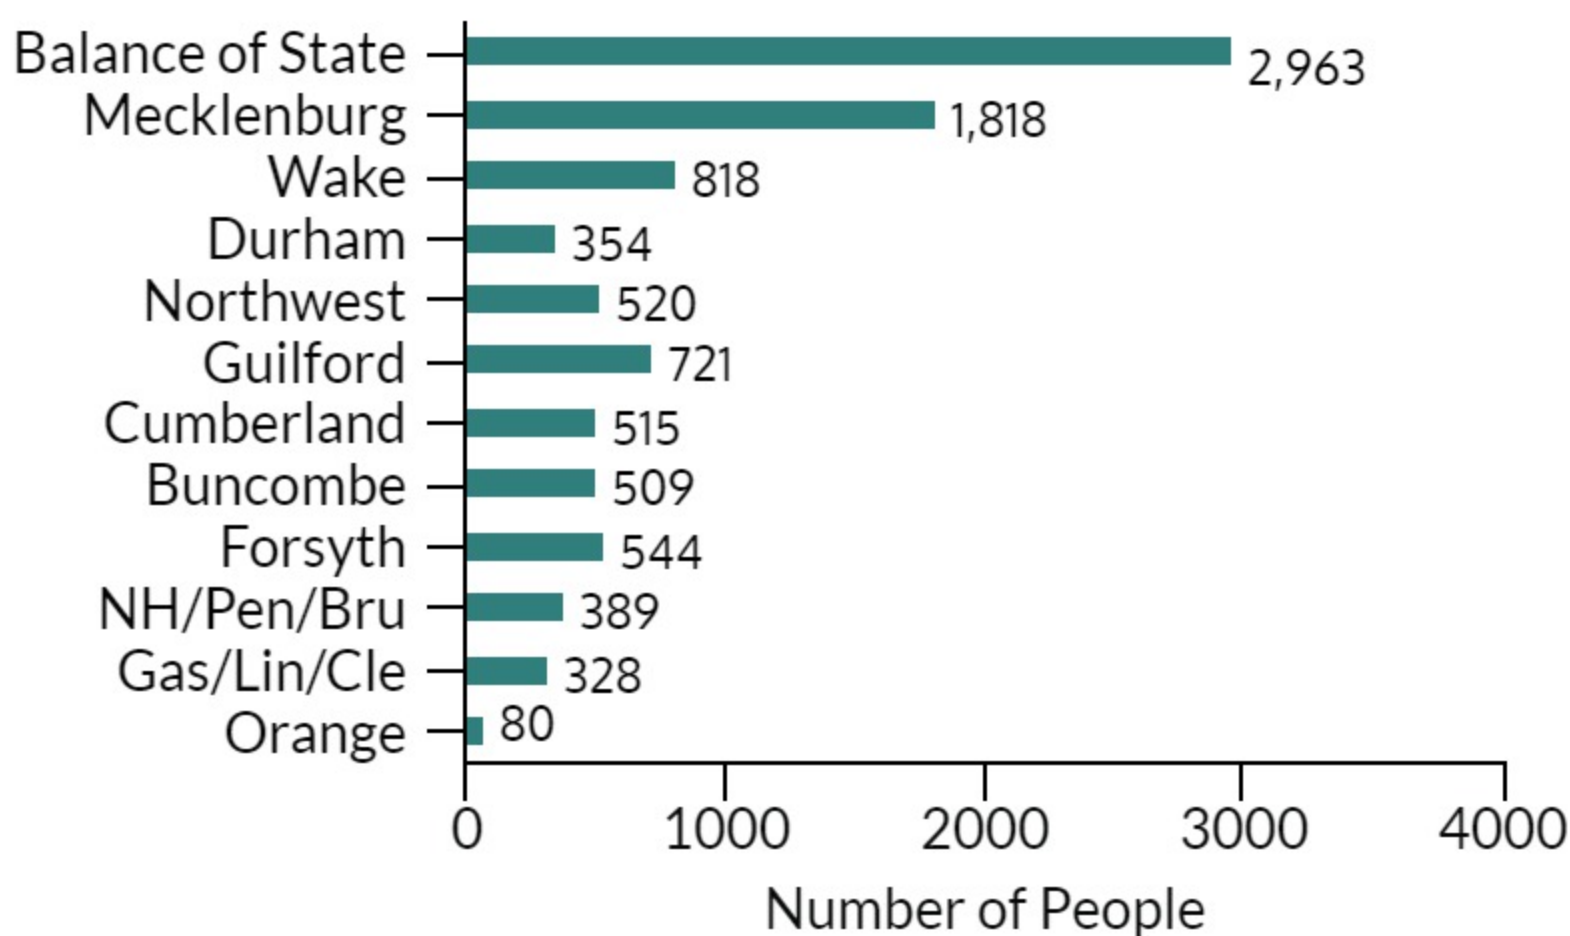

9,559

people experienced homelessness

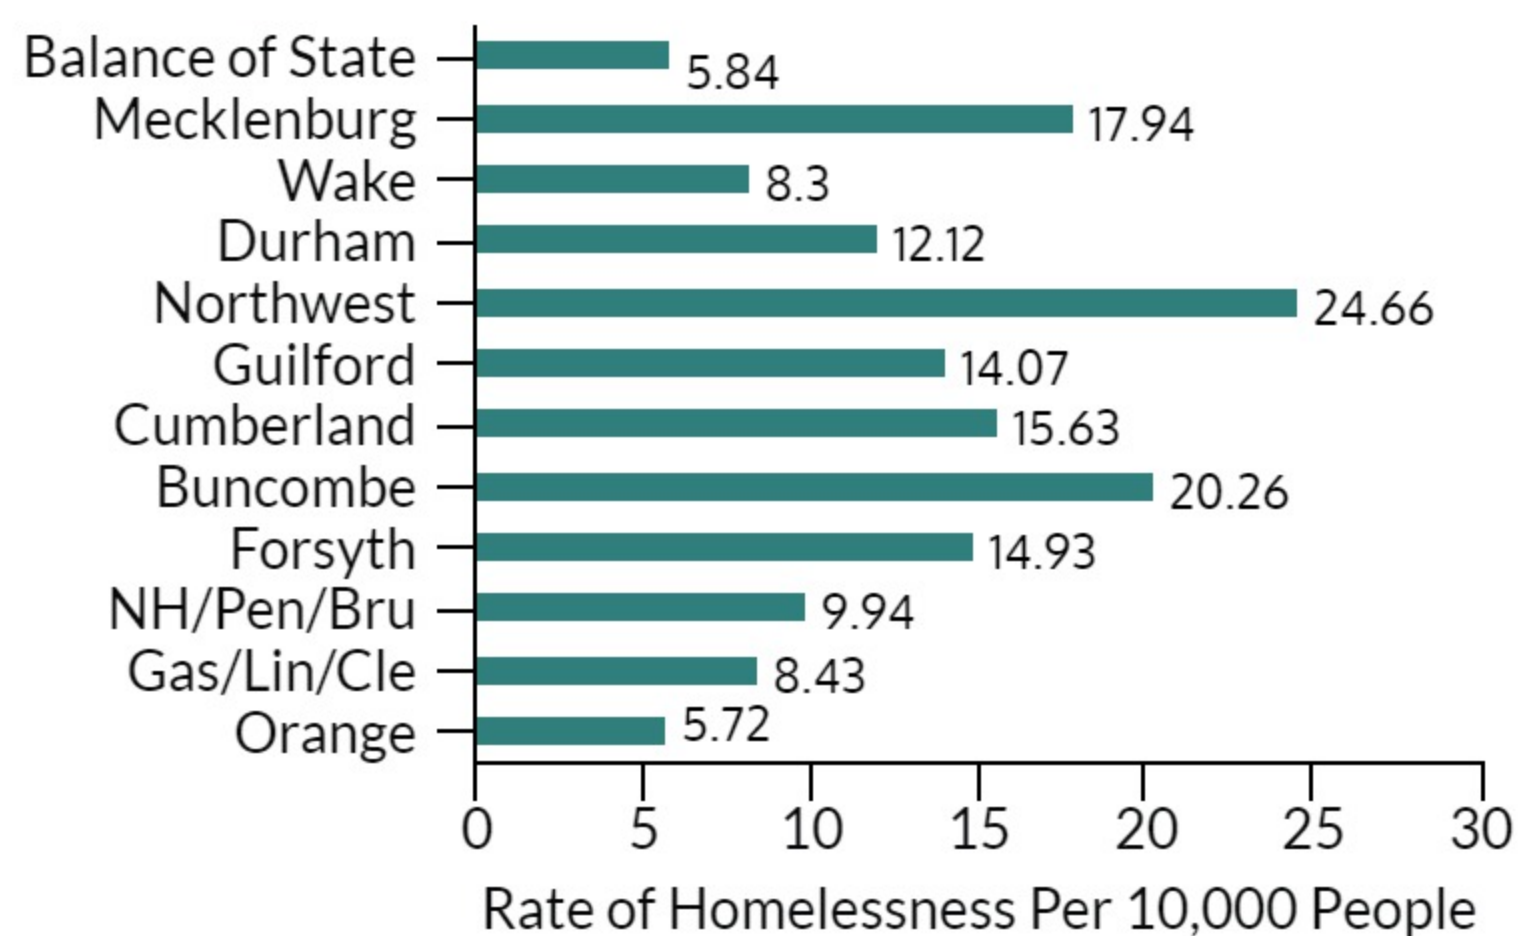

10%
decrease
2015-2016

Homeless Persons by CoC

Rate of Homelessness by CoC

The first graph presents the actual total number of homeless people in each Continuum of Care (CoC). The second presents the number of homeless people in the context of a CoC's population. The data is expressed per 10,000 people to allow for comparison between different-sized CoCs.
