# FY2025 CoC Program Competition: What We Know

# In 2024, HUD released its first 2-year NOFO defining the process for FY2024 & FY2025.

The FY2025 will be the second year of a 2-year NOFO process. While we do not yet have all the details, the NOFO from last year tells us:

- Projects awarded in the FY2024 competition that renew will not need to submit a project application during the FY2025 part of the competition.
- Projects eligible for renewal in the FY2025 competition that were new projects in the FY2024 competition or were not part of the FY2024 ranking list will submit project applications.
- The CoC will have opportunities to reallocate funding, if necessary, &/or consolidate existing renewal projects.
- CoC & DV Bonus funding might be available. If so, the CoC could accept new project applications for available funding.

# What the NOFO states about FY2025 CoC Program Funding.

The FY24 & FY25 2-year Notice of Funding Opportunity states:

- Should there not be sufficient allocated amounts to fully fund all FY2025 renewal grants, grant amounts may be reduced proportionately by HUD.
- If new competitive funding does become available for FY2025, the 2-year NOFO may be amended
- HUD also reserves the right to modify the 2-year NOFO or issue a supplemental FY2025 CoC NOFO if necessary.

# The FY2025 Continuing Resolution impacts the FY2025 CoC Program competition.

In mid-March, a Continuing Resolution was passed in Congress for the FY2025 budget.

## Fact Sheet from NAEH:

Preserves funding at the following levels:

- \$3.54 billion for the Continuum of Care Program, which must cover:
  - renewals of existing projects;
  - a \$52 million set-aside for projects for survivors of domestic violence, dating violence, sexual assault, or stalking;
  - a \$25 million Cost of Living Adjustment for supportive services staff.

# The FY2025 Continuing Resolution impacts the FY2025 CoC Program competition.

## Implications:

- Leaves \$3.457 billion for the renewal of existing projects but does not account for the increase in Fair Market Rent adjustments.
- Gives HUD the ability to repurpose \$100 million to cover renewal demand. These funds would otherwise be used for additional Permanent Supportive Housing.
- Please note: This is not a reallocation of the \$100 million from FY2024 that was made available through the CoC Builds Notice of Funding Availability. That award process is still pending from HUD.
- Even with \$100 million to help cover renewal demand, the Alliance anticipates there will still be a gap of \$150 million to \$200 million between the amount available and the need.
- This shortfall will result in a loss of housing assistance for at least 18,500 households, and will reduce the availability of housing and services to help people experiencing homelessness get back into housing.

# Approved CoC Program scorecards.

New & Renewal Project Scorecards approved by the Steering Committee on April 1st and are posted on NCCEH's website: <https://ncceh.org/funding-opportunities/> under Scorecards & Funding Priorities.

# FY2025 CoC Program Funding Priorities.
