Roles and Responsibilities

Unsheltered Access Coordination Framework

- Work to identify, connect, and house people experiencing unsheltered homelessness is a **year-round effort!**
- Regional Committees need to work collaboratively to meet their goals – no single person or agency can do this work alone.
- UAC should include a mix of assertive & passive outreach at regular intervals
- Identified people should be assessed & referred to the CE system by-name list.
- Someone should be assigned to regularly check-in with each person identified & help them navigate to the services they need.

Elected Unsheltered Access Coordinators play an essential facilitation role in the region.

Unsheltered Access Coordinators (UACs) facilitate the regional plan to identify & connect people experiencing unsheltered homelessness to services & housing.

- Serves as regional point person for the CoC & providers
- Coordinates with the regional CE Lead
- Ensures data collection happens on all people experiencing unsheltered homelessness
- Engages all providers/organizations/stakeholders to understand & implement the process
- Provides training & technical assistance as needed to stakeholders
- Reports progress regularly at Regional Committee & monthly CoC UAC meetings
